Dear Ms. Pannesi:

I am writing in support of the Meridian Street Library proposal presented jointly by the East Boston CDC, East Boston Social Center, and the East Boston Ecumenical Community Council, all of whom have a strong track record of service to our community. Of the four proposals, their proposal offers the broadest service benefits to our community, in stark contrast to the other three proposals, all of which are seeking to use all or some of the property for their own profit.

Thank you for your consideration.

Sincerely,

Francis and Denise McHugh  
56 Princeton Street  
East Boston, MA 02128
